# ABOUT US

Henan Kailun Chemical Co., Ltd is one of the top 10 manufacturers specializing in rubber additives since 1953 in China. We are one of the designated production factories for rubber additives by the Ministry of Chemical Industry of China, and one of the national standards markers for rubber additives.

The existing assets of 40 million US dollars, the annual production of "Torch" brand rubber antioxidant, rubber accelerator, and rubber insoluble sulfur 90,000 tons, it is one of the earliest enterprises and the most varieties of rubber additives in China.

## Certificate of Registration

This certifies that the Quality Management System of

### He'nan Kailun Chemical Co., Ltd.

Eastern Section of Lijiang Road, Hua County Industrial Agglomeration Area,  
Anyang City, He'nan Province, China 456400

has been assessed by NSF-ISR and found to be in conformance to the following standard(s):

### IATF 16949:2016

**Scope of Registration:**  
Manufacturing of Insoluble Sulfur for Rubber, Rubber Antioxidant and Vulcanization Accelerator.

IATF Certificate Number: 0466540  
Certificate Number: CN/IATF055676  
Registration Issue Date: 18-JAN-2023  
Registration Date: 17-JAN-2023  
Expiration Date\*: 16-JAN-2026

Jennifer Morecraft,  
Senior Managing Director

**NSF International Strategic Registrations**  
789 North Dixboro Road, Ann Arbor, Michigan 48105 | (888) NSF-9000 | www.nsf-isr.org

Authorized Registration and/or Accreditation Marks. This certificate is property of NSF-ISR and must be returned upon request.  
\*Company is audited for conformance at regular intervals. To verify registrations call (888) NSF-9000 or visit our web site at www.nsf-isr.org

# Patent Certificate

With the advanced equipment and first-class research team, the R&D department aims to develop and produce chemicals of a new type, high quality, and environment friendly. Nine of the developed products fill in the domestic market gaps and 12 won the provincial and national prizes having 15 national patents.
