 916 Moo 6, Soi Tesban Bangpu 19, Taiban Rd.  
Tumbol Taiban, Muang, Samut prakarn 10280

# Large Fish Cooler Box

- Two Drainage holes with plugs & Parking Slots provided.
- Suitable for Manual Handling, Pallet Jack, Forklift.
- Strong Handle and stackable.

### Dimension

	External	Internal
<b>Width</b>	1030 mm	930 mm
<b>Length</b>	1230 mm	1140 mm
<b>Height</b>	750 mm	730 mm
(Above Measurements can vary +/- 3%)		
<b>Volume</b>	: 620L	
<b>Weight</b>	: 65 kgs Approx	

Mold material : Iron

# Breadcrumb Container

## Dimension

**Width:** 202 mm

**Length:** 1324 mm

**Height:** 427 mm

(Above Measurements can vary +/- 3%)

For industrial bread crumb making machine

Mold material: Iron

# Traffic barrier

## Dimension

- Width:** 500 mm
- Length:** 1115 mm
- Height:** 505 mm
- (Above Measurements can vary +/- 3%)

Mold material : Aluminium alloy CNC

# Camera Intelligent Alarm

## Dimension

**Width:** 660 mm

**Length:** 860 mm

**Height:** 378 mm

(Above Measurements can vary +/- 3%)

**for inspect the construction process of plumbing.**

**Helps to reduce operational errors. Make the construction accurate and concise according to the specified standards**

## Mold material : Aluminium Alloy CNC

# Cleaning Cart

## Dimension

**Width:** 437 mm

**Length:** 558 mm

**Height:** 902 mm

(Above Measurements can vary +/- 3%)

**Mold material:** Aluminium Alloy CNC and Iron

# Chemical Tank

for use in agriculture

## Dimension

**Capacity:** 630L

**Width:** 1000 mm

**Length:** 1635 mm

**Height:** 920 mm

(Above Measurements can vary +/- 3%)

**Mold material : Aluminium alloy CNC**

# Buoy

**Dimension**

**Width:** 1250 mm

**Height:** 1460.27 mm

(Above Measurements can vary +/- 3%)

**Mold material: Iron**

# Buoy Box

## Dimension

**Width:** 640 mm

**Height:** 950 mm

(Above Measurements can vary +/- 3%)

**Mold material: Iron**

# Ammunition Container

## Dimension

**Width:** 248 mm

**Length:** 1262.50 mm

**Height:** 325 mm

(Above Measurements can vary +/- 3%)

**Mold material : Aluminium alloy CNC**

# Construction Rubbish Chute

## Dimension

**Width:** 540 mm

**Length:** 850 mm

**Height:** 1050 mm

(Above Measurements can vary +/- 3%)

**Mold material: Iron**

It has a high back and sides which helps prevent any debris from falling out of the tunnel so waste can be disposed of safely.

# Insulated Roll Container

## Dimension

**Capacity:** 500L

**Width:** 725 mm

**Length:** 855 mm

**Height:** 1765 mm

(Above Measurements can vary +/- 3%)

**Mold material : Aluminium alloy CNC**
