# WELCOME TO JALJOG ROTOMOULD

FOLLOW US.

## **MISSION:-**

Our company aims to become a top-notch manufacturer of rotomolds within a few years. We have a goal to introduce new technologies to design different sizes of molds.

## **VISION:-**

We have a sole vision to produce prime-quality rotomolds for every client. Our team believes in completing the demands of customers every day.

## **ABOUT US:-**

Jaljog Rotomould is one of the leading exporter and manufacturer of quality moulds for rotational moulding. For that purpose, we are having full fledged manufacturing facility in Ahmedabad Gujarat. We have sound industry knowledge and expertise in creating different kinds and sizes of molds. Our engineers have a vast experience in designing molds of various sizes for different clients. We manufacture a diverse range of products for rotational molding such as safety devices, bins, planters, bollards, traffic cones, insulated cooler boxes, and many more. Our products include slim-line molds and horizontal and vertical molds for water tanks.
