ABOUT

ARPL has been involved in Rubbers and chemicals business since 1990 and advanced into the Rubber Chemicals in 2017. We are one of the few players in this business to offer wide range of high quality rubber chemicals catering rightly to the industrial needs.

We have 2 state of art, world class manufacturing facilities equipped with the most advanced machinery and best manufacturing practices to ensure the best and most consistent quality of our products. Our team consists of the highly skilled technicians, chemists and researchers to stay ahead in all fields necessary. The vast experience of our promoters help us develop the most competitively priced chemicals for our customers.

The promoters consist of Mr. Rajesh Mittal, Mr. Anubhav Mittal and Mr. Arnav Mittal contributing towards the success of the company and its ethics.
